11.1 Multiple coverage

The coverage described in the *travel insurance* applies once you have claimed the maximum compensation provided for by all other available sources of reimbursement such as an insurer, a credit card, or a private or government insurance plan.

Example

Maximum compensation	\$2,500
Compensation we pay to you	\$2,500

This way, the total compensation you receive will not exceed the amount of your application.

When you submit an application to multiple *insurance providers*, we ask that you provide proof of these applications as well as any refusals or compensation you may receive.

11.2 Travel providers or other entities

- › public health insurance plans; and
- › any other government program.

This means that we subtract the amounts you receive from a provider or another entity from the total amount of your application.

Credit and reimbursement total	\$2,500
Remainder	$\$4,000 - \$2,500 = \$1,500$
